Official technical Contractor of METROPOLITAN EXPO

TECHNICAL SERVICES BROCHURE__VER_2022_V3

www.expowork.g

Expowork Bench mark in modern exhibitions

EXPOWORK was founded in August 2003, as the official technical contractor of the most modern exhibition center in Greece at that time, EXPOATHENS. Following this successful business model, EXPOWORK offers now exclusive technical support at **ATHENS METROPOLITAN EXPO** the largest, newest exhibition & conference center in Athens.

EXPOWORK offers technical support to exhibitions, conferences & events.

It covers a wide variety of your exhibitional needs and guarantees the smooth running of every event, during construction, operation and dismantling.

- Commitment to the exhibition and convention needs
- Technical Expertise
- Highly specialized personnel in a wide range of activities
- Integrated portofolio of exhibition services
- Use of modern technical infrastructure and designing programs
- Excellent knowledge of the Exhibition Center due to exclusive activity in ATHENS METROPOLITAN EXPO

R

Services

The company's core activity is rendering exhibition and congress services.

The range of services covers:

- Standard and upgraded types of shell scheme stands
- Construction of customized stands
- Electrical services
- Furniture hire
- Security services
- Audiovisual media
- Lift services
- Photo shooting & video coverage
- Connections to water supply & drainaged network
- Wireless internet connections
- Cleaning services
- Rigging services
- Digital printings
- Ventilation service

EXPOWORK's customer oriented philosophy and its focus on the exhibitors needs, enhanced by its Know-how and expertise, makes our company a valuable partner for you during your participation at the exhibitions and the events.

Metropolitan Expo

Metropolitan Expo is the largest, most modern and functional venue for exhibitions, conferences and events in Greece and one of the finest areas in Southern Europe

Metropolitan Expo covers a total of 50,000 m² indoor space that includes:

- Four (4) large, modern exhibition halls from 6,000 to 13,000 m² in parallel provision on the same level
- o Two (2) conference halls, with 600 and 300 people capacity respectively. They have full audiovisual equipment, lighting dimmer, air conditioning and internet connection
- Two (2) impressive, independent reception halls (Lobbies 1 & 2), with a variety of services, sized 3,000 m², both of austere luxury, exceptional functionality and aesthetics
- One (1) comfortable main corridor of high aesthetics, with natural light and visibility, which consolidates all Centre's spaces, offering to visitors advanced services and infrastructures (rest areas, info kiosks, displays with routes for metro-suburban etc)
- Three (3) outdoor events' spaces of a total area of 6,800 m², which can accommodate any type of event, in a unique environment
- o Seven (7) café and two (2) restaurants, stylish & functional
- o Two (2) parking areas (PA & PB) of a total area of 100,000 m², designed for easy access and movement of vehicles
- o 8,000 m² outdoor green areas, environmentally managed and in alignment with the wider natural environment

Metropolitan Expo is proved to be an ideal exhibition structure, hosting large scale events.

Our main competitive advantages are:

- Very tall exhibition halls, from 7 to 12 meters
- Development at a single level for easy access and events' management
- o Many, spacious and fully accessible entrances for cargos & goods
- o Floor structure for electrical, plumbing and sewer services
- o Full air conditioning and ventilation of indoor space
- o Advanced fire detection and fire protection systems
- State of the art technological infrastructure (telephony, wireless internet, sound installation)
- o Easy circulation of visitors in all areas of the Centre.

Access to Metropolitan Expo is more than easy, with many travel options.

- In detail:
- o Metro, Suburban Railway, Urban (OASA) and Intercity (KTEL) Buses
- By air, connected with many domestic, European and worldwide destinations
- By car, via the Attiki Odos and regional roads (Vari Koropi, Lavrion etc).

Metropolitan Expo is connected via shuttle bus, in a very short time and continuously with all the stops of public transport of the airport. More generally, the Exhibition and Convention Centre, is quickly and easily accessed from Athens, rest of Greece and abroad. A significant competitive advantage of Metropolitan Expo is the enormous, functional parking lots on a total area of 100,000 m², with a capacity of over 4,500 cars.

Customized design stands

Consulting services

Please contact us in order to discuss your promotional needs. Our specialized personnel will present you unique suggestions and solutions that satisfy your needs and budget.

Design Suggestions

Our design suggestions will combine aesthetics and functionality. All our customers are important to us; and therefore we ensure an impressive presence in a very competitive environment

We supervise the project from the very beginning up to the stand completion

EXPOWORK monitors and coordinates the construction procedure, exempting you from the stress and delivering you a "turn key solution" stand.

2

EXPOWORK

By choosing EXPOWORK, the stand construction procedure becomes an easy task.

EXPOWORK upgrades the existing exhibitional services, covering a wide range of demands and requirements. From printings, audiovisual equipment to rigging articles above your stands.

Our support and quality of service will turn your exhibitional presence into a unique experience.

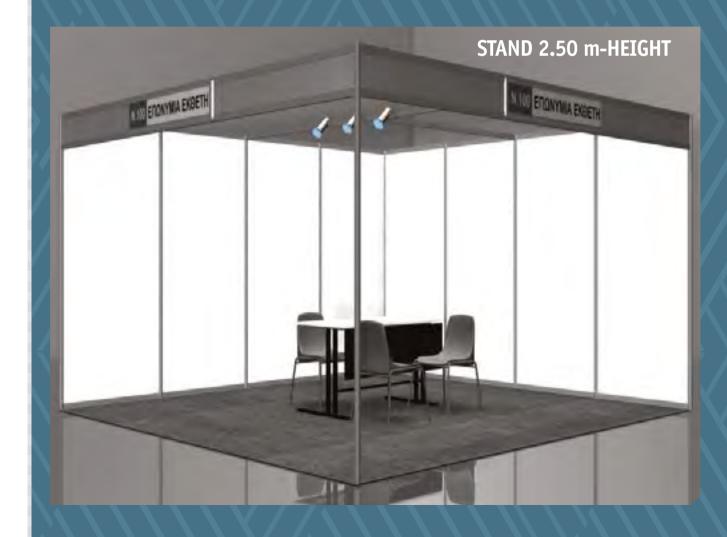

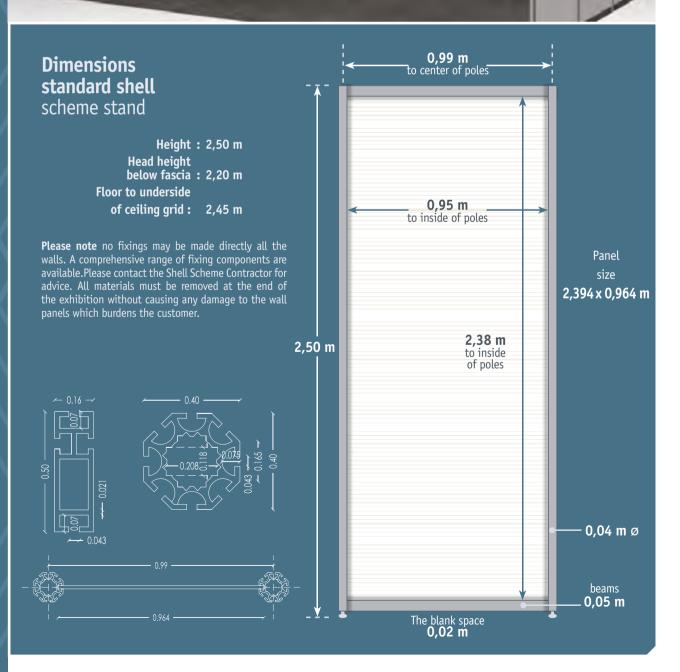

The 2.50 m-height standard stand, is made of a natural coloured aluminum frame , with white-coloured PVC panels (OCTANORM).

Above the stand entrance and at 2.20m height, these stands have a perforated aluminum fascia accommodating the stand number and exhibitor's name in digital printing on white PVC. The floor is covered with carpet (colour selected by the organizer). The ceiling hosts aluminum beams, one by 2.00m across the length of the stand.

Furniture and electrical equipment is provided according to organizer's standards.

Water supply- waste pipe connections

Includes the required work time and the necessary pipes / material, for your equipment (air extractor hoods, grills, vehicles) to be connected to the ventilation system. Pipe diameter: 30cm. In case your equipment does not match the abovementioned specifications, you should be equipped with the relevant connection adapter.

Exhibitors who haven't requested this service or are not equipped with the appropriate connection adapter, WILL NOT be allowed to grill or use ANY machinery producing exhaust fumes or other emitting particles, according to the Metropolitan regulations.

- The total surface of the hearth or grilling area should not exceed 1.5m²
- The chimney or extractor hood that will be used, should overlap the hearth or grilling area at least 15cm from each open side
- The chimney or extractor hood should have a shape that will be able to collect the vapor or the fume at the connecting point with the air pipe (ex. Conical)
- The chimney or extractor hood should be placed over the hearth or grilling area at a maximum height of 0,80m.
- At the connection point with the exhaust pipe, the maximum temperature should not exceed the 1200C.

- Any non approved construction or construction that does not satisfy the specifications / requirements of the present regulations or the regulations of the exhibition center shall be removed by EXPOWORK S.A. at the exhibitor's expense.
 EXPOWORK S.A. is able to exclude any kind of operation or/and installation of equipment that, according to its judgment, can cause
- problems of technical nature or/and proper function of the exhibition center or can change or degrade its appearance or function.
 The exhibitor is exclusively responsible for any damages caused due to inaccurate information provided or rigging on his own, his employees, any additional agents & his constructors. EXPOWORK S.A. is not responsible for the construction that will be rigged by the
- ceiling or for the actions that the client does by himself during the rigging of the construction.16. All rigging material (lights, sound, image, marking) should include safety steel wires. The rigged equipment should not obstruct and should have at least 50 cm distance from the ceiling networks.
- In order to rig banners, at least two (2) rigging points are required and proper infrastructure (rigging bar above and below, sewn pockets that will support the bars and overlap at least 5 cm from each side). By signing the application for the rigging service, the client states that he is aware of the terms of the present regulations, which 17.
- constitute an inseparable part of the present application and he accedes with no objection. 19. In hall 4 only points of rigging with a safety link up to 350kgr can be provided.

Regulations:

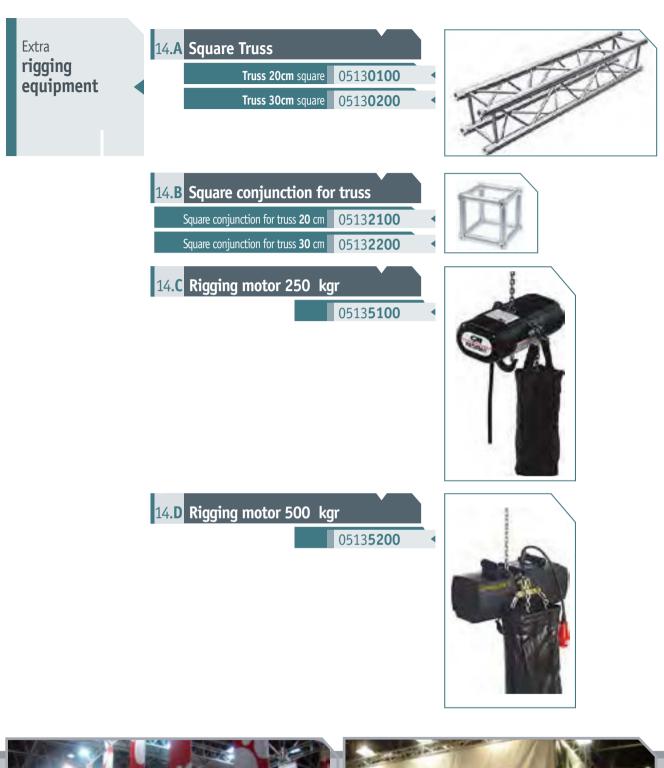

In order to protect human life and secure the structural integrity of the exhibition center, the following rules have been applied, regarding the rigging service from the ceiling of the building. Additional safety rules can be applied at any time. **RIGGING RULES OF THE EXHIBITION CENTER:**

- EXPOWORK S.A. and the certified collaborators offer exclusively the rigging services from the ceiling of the halls and the other communal 1. areas of the exhibition center
- Rigging of any kind of equipment or object from the exhibition's center ceiling is allowed exclusively and only at the points that are designated especially for this purpose from ATHENS METROPOLITAN EXPO S.A. Rigging of any kind of equipment or object from the utility networks (lighting, ventilation, sewage, fire engine and air conditioning 2.
- 3. networks) and the structural elements or any other point of the ceiling, of the columns or the walls, apart from the two (2) suggested points, is definitely forbidden.
- Rigging service comes as a result of studying several resultants, such as position, weight and height of the equipment to be rigged and it is 4. not taken for granted.Rigging service is not always applicable but depends on several factors like weight, position & height of equipment. EXPOWORK S.A. reserves the right not to fulfil the requirements that come under the restrictions of the ceiling, according to building
- 5. restrictions, at the point that the stand is situated or for safety reasons. 6.
- EXPONDRY S.A. reserves the right to check and forbid the use of the client's rigging equipment. The client's rigging equipment should fulfil the European standards of safety and function and should be in good and functional condition. The weight rigging limit is 150kgr per spot at the current meter, including the weight of the spots and the equipment to be rigged (one meter minimum distance between two spots) for halls 1, 2, 3. Any weight exceeding the predefined limits should be removed by EXPOWORK S.A. at exhibitor's expenses. 7.
- 8.
- Any weight exceeding the predefined limits should be removed by EXPOWORK S.A. at exhibitor's expenses.
 It is not permitted to lift objects weighing over 40kgr or larger than 3 meters length using elevating platforms.
 Under no circumstances should anyone hang, walk or climb on a rigging point or on the rigging equipment that is applied on the ceiling.
 The service for installing rigging points is valid only for the exhibition that is indicated on the application and for the specific stand position/number and surface of the stand.
 Every application regarding the rigging service should be handed over at EXPOWORK S.A. at least fifteen (15) days before the commencement of the exhibition preparation. The application should be accompanied by a drawing and a sworn statement. The drawing should include the total equipment to be rigged, the positions, weights, points of electricity, dimensions and material description. EXPOWORK S.A. will check the rigging drawing for compliance with the present regulations and the regulations of the exhibition center, so as to approve or suggest any amendments. If there are no later modifications of the plan, they should be should be. as to approve or suggest any amendments. If there are any later modifications of the plan, they should be submitted, accompanied with a new sworn statement, in order to be approved, the latest ten (10) days before the commencement of the exhibition's preparation period. Plans that have not been approved by EXPOWORK S.A. will not be materialized.

A. STANDARD SHELL SCHEME STANDS

- 1. An electrical switch board is necessary to be positioned at the highest place of the wall of the stand. If you wish this switch board to be placed in a particular position you will have to send us a drawing/plan of your stand 15 days before the opening of the exhibition. In other case it can't be moved.
- 2. Orders that concern electrical installations or/and constructions, e.g. Installation or connection of floodlights, storage areas, ceiling beams to hold extra lights, cannot be executed without a drawing/plan.
- 3. Orders concerning shelves are placed by the exhibitor, after relative indications.

B. SPECIAL DESIGNED STANDS

- 1. You will need to send us your orders concerning the power supply at least 15 days before the opening of the exhibition, attaching a drawing/plan indicating its position. The order will be executed if only a drawing have been received.
- 2. The electrician performing the electrical installations in your stand, is obliged to fill in the Electricians' Solemn Declaration Form, mentioning the total kw needed, with his stamp and signature, as also attaching a photocopy of his professional license (expiration date and the number of his professional license must be shown).
- 3. For your convenience, it is not necessary to attach the photocopy of your electrician's professional license, if it has already been sent to a previous exhibition unless it has expired. (In this case, a photocopy of its renewal date has to be sent).
- 4. The Electricians' Solemn Declaration Form must be filled in by the electrician and is irrelevant to the electrical equipment form order (see Technical Brochure which needs to be filled in, by the exhibitor.
- 5. Special designed stands must use an electrical switch board with a safety switch. In case the electrician is not equipped with this kind of switch board, it is possible to order through Expowork.
- 6. In order to test the electrical installations at your stand, during the exhibitions' preparation, the "electricians' sworn statement" should have already been submitted to Expoworks' customer service.
- 7. For static reasons, is obliged to send: Exhibitors' Declaration or Engineers' Declaration.
 - Exhibitors' Solemn Declaration is filled in by the exhibitor in case the construction does not exceed the (3) m height.
 - Engineers' Solemn Declaration is filled in from the engineer of your construction company in case the construction of your booth does not exceed the (4) m height.

NOTE: The power of KW supplied is a 3-phase power. In case that a mono-phase supply is needed you should please let us know. For construction installations, during the exhibitions' preparation, you can use the power supply positioned in the columns of the building (mono-phase supply).

INSTRUCTIONS FOR THE EXHIBITOR'S INSTALLATION - DEPARTURE SETTLEMENT

- Upon arrival at the ATHENS METROPOLITAN EXPO, the exhibitor or his authorized representative shall take delivery of the stand from the hall supervisor.
- All sides of special design stands must be aesthetically acceptable, mainly at the border of different stands. The rear side of constructions exceeding 2,5m in height must also be presentable and painted white.
- Fire stations or fire extinguishers, electrical elements, water supplies or waste pipe connections must not be covered by any sort of structure for easy access in case of emergency.

The following actions are not permitted:

- Cutting wood or plasterboards, as well as using power-tools and equipment, such as spray paint compressors, anywhere inside the Exhibition Centre. Such operations are only permitted outdoors at pecial designated areas.
- Drilling and nailing on the floor, the pillars, the ceiling and any other structural part of the building.
- Drilling and painting of panels and aluminum frames (for suspending purposes, you may request special hooks from the exhibitors' service desk).
- Suspending any item from the ceiling or any other structural part of the halls, or the utility network lines, running parallel to the ceiling.
- Covering walls and corridors.
- Any intervention to the electrical installation without prior approval of the facility's chief electrician
- Should you object or disagree to any service provided by Expowork, please inform our Customer Care Dept. by the end of the exhibition opening day.
- Our equipment and services are only provided during the official duration of the exhibition. Our equipment is to be ready for recollection by our staff, 1 hour after the end of the exhibition.
- Electricians who undertake electrical installations of Customized Stands, are obliged to fill in the relative sworn statement (check with the EXPOWORK Customer Service Dept.), attaching a photocopy of their professional license and hand it over to the EXPOWORK Customer Service Dept., in order for their stand to be supplied with electricity.
- Breach of any of the above regulations leading to any damage, shall entail the full restoration of such damage and compensation deposit as calculated by EXPOWORK.
- Cleaning of paint brushes and other painting equipment is permitted only in the industrial sinks, situated in each exhibition Hall.

DEPARTURE

After the end of the exhibition, exhibitors will first settle any outstanding financial affairs with EXPOWORK, and then depart, within the time limit specified by the organizer, after having removed all exhibits and decoration materials used during the exhibition. Should the exhibitor leave any construction material on site, a removal cost will be charged.

REMARKS ON THE PRICE LIST

For your order to be valid, and forwarded for implementation so that it can be ready by the time you arrive at the METROPOLITAN, you must send the order form within the designated time frames (as described in the order forms), and fully pay the respective amount by bank transfer, or VISA, MASTERCARD, DINERS, or at the Expowork cashier's desk.

PIRAEUS Bank account no.: NATIONAL BANK OF GREECE Bank account no: EUROBANK account no: ALPHA BANK Bank account no: GR840172202000-5202-018-199-548 GR97 01100750 0000 0754 7022 553 GR59 0140 1730 1730 0200 2003 777 GR5802600980000950200587898
